Director's

Message

Hardwork and perseverance is a decided natural key to success. Without it one can only imagine one's dreams. Human being is the name of creativity and modernity. Stagnancy starts when thinking great ideas stops.

Majority of the students face the very situation discussed above after matriculation. Getting high marks at this level covers half destination. The rest of the hard journey is awaited in front of the youngsters.

Keeping this matter in view, we have designed a complete and comprehensive roadmap comprising of curricular and co-curricular activities. We ensure to provide such a congenial and disciplined atmosphere as the future of our young generation can meet the modern challenges successfully.

The secret of our brilliant results at Matric and Intermediate level lies upon a well designed testing and evaluation system.

I am confident that your experience at ***Muslim Group of Schools & Colleges*** will be very fascinating both academically and socially. You will feel yourself purely enriched with unfathomable knowledge, success in career and bloom in you character and personality.

INSHA-ALLAH

Muhammad Saleem Taunsvi

Director
Muslim Group of Schools & Colleges
Multan.

MISSION

**IS TO PRODUCE THE
LEGENDS & PARAGONS
OF**

SUCCESS

PRINCIPAL

Muslim Group of Schools & Colleges Multan.

Welcome !The college years are a time for growth, challenge and discovery. We encourage and prepare students to participate fully, to take risks, to be self-advocated, and to create lasting memories and relationships with their peers and staff.

We believe that students, parents and teachers all play a vital role in helping students reach their greatest potentials. Parents are encouraged to check their child's progress regularly and quarterly with Academic and Student Teacher Liaison Committees. Students are encouraged to take advantage of the many resources available to them like their teachers, the library, the computer lab, science labs and our after college academic offerings.

Our goal is to provide a time for students to build connections with teachers, peers, and to build a stronger sense of community. We recognize that social / emotional development is essential for the success of students in academics during these transition years. Students are encouraged to participate in intramural sports at college.

Muhammad Naeem Arif

Principal
Muslim Group of Schools & Colleges
Multan.

VISION

**The road to success passes through
Hardwork & Diligence
Knowledge & Perseverance.**

PRINCIPAL

Muslim College of Science & Commerce Rasheed Campus, Bahawalpur Road, Multan.

Being Principal of this great institute, it is the glorious honor for me to offer a warm and heartiest welcome to those who are desirous of joining our family.

Since the last two decades, we have been committed to adorn our students with qualitative and career-oriented education.

Our remarkable results exhibited by our laborious faculty and diligent students, are the most valuable assets that reflect our devotion and commitment to our mission: “To produce the Legends & Paragons of Success”.

As it is a recognized fact all over the globe that quality education not only refines the individual but also contributes to society as well. So, infact we shape the society.

We endeavor to provide our students with highly qualified, the most experienced and extremely dedicated faculty and the result-oriented testing and evaluation system to ensure brilliant future.

The students shall find this very institution a dwelling of learning where they will be able to touch the horizons of knowledge, success and fame under the guidance of their pedagogues and mentors.

Imtiaz Rasheed

Principal
Muslim College
of Science & Commerce
Rasheed Campus, Bahawalpur Road,
Multan.

We believe that

Success speaks volumes though
it has no tongue.

Actions speak louder than Words.

Success lies beyond the portals
of heaven.

Knowledge to be preached; ignorance to
be abolished.

The destination is where the
time breaks.

PRINCIPAL

**Muslim Girls College,
Multan.**

I extend a very warm welcome to all the readers especially parents and students, as we open our doors for the new admissions. The inspirational motto of the college which is "I shall build" directs all the members towards sincerity, loyalty, and courage.

The college is committed to impart quality education to the females as they are the significant pillars of our society. Through highly conducive learning and teaching environment, we induce and inculcate high moral values, sense of civic responsibility and inquisitiveness amongst our students.

Confirming the vision we are devoted to persuading motivation in our students so they can perform proficiently and steer their way through the challenges of life.

The college infrastructure is continuously being improved. The science labs and the computer lab have been upgraded to keep students abreast of the latest and modern educational facilities. Looking forward to seeing you at Muslim Girls College & Muslim Girls Academy

Regards and Prayers.

PARENTS' VIEWS

Qazi M. Ishfaq
Commissioner Sahiwal

Muslim Public Higher Secondary School has attained many great achievements in educational field in a very short time. The teachers are very kind towards students and their behavior and methods of teaching are unique. The principal and other school staff takes very keen interest in solving the problems of students regarding curricular and co-curricular activities. The discipline of the institute is exemplary.

May this institution continue its fame and progress

M. Khalid Khan
Advocate

As it is a recognized fact that parents always remain cautious and curious about the education of their off-springs, so was I. I came to know about Muslim Public Higher Secondary School and its achievements through a friend of mine. I decided to pay a visit to the college section. I was flabbergasted to see strict discipline, highly qualified staff and organization. I felt cock-a-hoop to see the classes in progress and pin drop silence. I instantly decided to get my son admitted in this institution for his bright career and secured future.

Safdar Khan Malghani
Advocate

I was in search of a well reputed institution for the admission of my son and my quest for well-disciplined, well organized and well reputed institution bore fruit and I found it culminated in the form of Muslim Public Higher Secondary School. It is not only flourishing and blooming but also moving towards its goal of shaping raw gold into pure one. I congratulate the Director, Principal and the organizers and also the teaching staff on achieving tremendous results.

May this Zinnia keep blossoming

Allah the Almighty has blessed man with the best spiritual and mental capabilities. But among these, the role of "Knowledge" is beyond question. To enhance the capabilities of man, educational institution plays vital role and Muslim Public Higher Secondary School is the very institution that has achieved six positions in Multan Board in a single year.

This institution has provided every information about my son's (Ahsan Waqas) education, attendance and behavior on my door step. I am thankful to the Director, Principal and the Professors who endeavored tooth and nail to teach the students in the best possible way.

Liaquat Ali

Parents often do not understand the scoring mechanisms used for assessment tests or how to interpret them. They want to be able to assess their child's performance in relation to their peers, as well as individually.

It is a recognised fact that assessment results help parents assess an institution. Muslim Public Higher Secondary School is a wonderful institution that sends the results of the children to their homes so that parents may know about the learning and ability of their children. May this institution keep progressing.

Aamin !

Wasif Riaz Chaudhry

I am really thankful to all teacher's staff. they made my son diamond from pebbles. My son is without our teachers, nothing. Whatever, he is all the credit goes to his staff. May God prosper this institution by teaps and bounds Ameen. Once again thanks.

CO-CURRICULAR ACTIVITIES

RE-CREATIONAL TRIPS

Books are the best imparters of knowledge but not of understanding, learning and comprehension, as the main difference between them is that former is transferable but later is not. A recreational trip synchronizes simultaneously not only the deepening of personal understanding but at the same time makes catharsis of monotonous burden which is bound to produce on the minds of students after passing through a well organized and peculiar testing evaluation system of ours.

Trips to such recreational places are managed which surely enhance the personal understanding and prepare students again to take plunge even more effectively into oncoming academic activities.

CO-CURRICULAR ACTIVITIES

The quintessential of a perfect and fabulous life is to have an unimpaired mind in an unimpaired body. This is recognized by all as the best means of performing our duties. Body and mind should work at their best, and they cannot do so unless both are in good order. The limbs must be supple, vigorous and quick responsive to the ordain. The best way to keep the limbs fit is to exercise them in sports and games of somatic prowess and strength.

Games instill the spirit of team work and discipline. It is said that the victories of the British Empire were procured not on the battlefield but so much as on the play grounds of the Public Schools like Eton. It is no doubt true that discipline clinched in playing up the games is indispensable in later life.

It makes us for a life of liaison and team work which could be used for the proliferation of an acclaimed society and a nation.

ANNUAL FUNCTIONS

Among the most old traits of the society, one is also its indifference to what has happened and is happening in hit.

But, there are indeed some moments which are able to capture a perpetual place in our memory.

The Functions which are celebrated here such as Welcomes, Farewell Parties and Annual Dinners are really such rare incidents that make themselves extremely difficult for us to be eluded.

Youngsters make merry with full vim and vigour through singing, dancing and comical parodies.

PRIZE DISTRIBUTION

P.T.M

Only Book worms can't play any active role in the grooming of a nation. Critical thinking uplifts the personality as well as it plays a pivotal character to build confidence among the youngsters. No nation can reach the sublimity without the courageous and determined team of leaders. Once the very aim is achieved, the progress starts at the moment.

To build the character of the students and meet the challenges of practical life, small groups of students are made under the supervision of teachers. The supervising teacher makes it sure to exercise moral and social betterment of each student. More over, under the supervision of these teachers, the students are provided with opportunity of expressing their potential. So that they can become a precious asset of our nation.

UN-PRECEDENTED TRAITS

Testing & Evaluation System

Round the educational session, tests are conducted continuously to evaluate students' learning and comprehension. We have the best testing and evaluation system in the market. Parents and guardians are duly informed with the results and performance of their children by mailing the detailed marks sheet to the address provided to the institute. The students who exhibit best performance in monthly test are encouraged with cash and other prizes.

Student Advisory Council

While learning at school a student may face many problems, and challenges other than curricular end. In this perspective young scholars' performance is automatically affected. A student Advisory council consisting of some experts and dedicated faculty members ponder over the issue confronted by students, analyses it and leaves no stone unturned to solve it so that performance of discipline may not be disturbed by any element.

Parent Teacher Co-ordination

The triangle of parents, teachers and students no longer remains effective if one of the partner gets no interest in their common goal. Keeping in view, management continues to update mailing address of the students to maintain correspondence with parents. Parents / Guardians are regularly mailed regarding their students progress about attendance of the students at campus. The students who show utmost regularity are well appreciated through various ways. Furthermore Parents / Guardians are always welcomed to extend a kind visit to the campus and share their valuable suggestions, opinions and feed backs. As room for improvement is always there.

Congenial Environment for Studies

Acquisition of knowledge and meditation over the secrets of universe requires peacefulness of mind and through conversation. We strive to the best of our capabilities to maintain such an atmosphere where students may feel themselves free from all woes and worries and may concentrate fully to their studies. Anyhow we don't let the students betray. Strong emphasis is laid on exemplary discipline. That's why we are recognized as producers of paragon of success.

Medical Facilities

A healthy body keeps a healthy mind. Regular check-up of students is organized by qualified, experienced M.B.B.S. doctors readily available on our medical board. A dispensary has been established for the students for first aid and in case of any problem.

Jamia Masjid

A fully air conditioned and state of the art masjid where more than 2000 students can offer prayer at the same time in congregation.

Transport Facility

Transport facility is readily provided to the students who don't have their own conveyance to reach school campus in time students are lightly charged for this facility.

Accommodation/Hostel Facilities

As we are located on main city of Southern Punjab, students from different remote areas face accommodation problem. Realizing this issue, we have arranged a wide range of boarding facility. Spacious, ventilated, are available. The atmosphere at hostel is very fascinating for the studious students. Schedule of studies, mess, and prayers is strictly followed.

- > Don't enter the Principal's office or Staff Room without permission.
- > Orders and rules of office must be followed.

- > Avoid religious, linguistic and provincial prejudices.
- > Don't bring mobiles in the college.

DIRECTION TO PARENTS & GUARDIANS

Parents / Guardians should meet the principal and teachers to get our view of the educational performance of their children. In fact for success, co-ordination of student, teachers and parents is required. Save your children from bad company after school timings so that they can focus their attention only on education both physical and mental.

Parents should co-operate whenever they are called for consultation or betterment of their children. Otherwise their negligence can cause loss to the future of their children.

Give your personal suggestions to the principal about performance of the

school and other problems. The students are the precious assets of the nation. So, please take care of their bright future by sparing time to them.

The parents must attend the school functions. Your participation will be highly welcomed.

For the sublime purpose of educational development, our heartiest prayers, our best wishes and our services are with your children. Islam is our main focus.

So religious education is our first preference.
